

 MEMBERS™ CAPITAL ADVISORS**John C. Gamble, CFA**

Research Analyst, Fixed Income

John Gamble is a Fixed Income Research Analyst supporting the portfolio management of the MEMBERS Capital Advisors (MCA) bond funds, as well as the Fixed Income asset class portfolio managers. His primary responsibilities include developing risk management models/processes, performance and relative value analysis, creation of relative value models, and developing various processes to assist the portfolio management activities for the Bond and Fixed Income portfolio managers.

John began working in the investment field in 1986. Prior to joining MCA, John worked for Lincoln Financial Group. He has a background in risk management, asset allocation for the general account of CUNA, as well as development of MCA's proprietary asset allocation tools used by the Asset Management team for individual investment management. He has also been involved in tactical and strategic processes for all asset classes in the general account.

He has managed domestic and international bond portfolios, as well as derivative portfolios to include currency, interest rate products, fixed income, equity, and tactical inter-asset strategies. He has developed various derivative based retail products.

John earned a Bachelor's Degree in quantitative business analysis (QBA) from Indiana University. The QBA is a combination of mathematics, computer science, and business course work.

MEMBERS Capital Advisors is the registered investment advisor affiliate of Madison-based CUNA Mutual Group. With over \$12 billion in assets under management, MEMBERS Capital Advisors is the nation's leading investment manager for credit unions and their members. Like credit unions, we seek to build lasting relationships with people. Not simply to do business with them, but to help them achieve their financial goals.

Products and services managed by MEMBERS Capital Advisors are offered through CUNA Mutual Insurance Society and CUNA Brokerage Services, Inc., member FINRA/SIPC, and are not federally insured, involve investment risk and may lose value, and are not obligations of or guaranteed by the credit union.
